

MachinePoint

Used Machinery

Your Reliable Partner Worldwide

Why MachinePoint?

Worldwide Presence

Best Brands

One-Stop Service Solutions

We sell factory to factory

Sell Used Machines

If you need to sell your used equipment contact us for a free valuation of your machines. MachinePoint is the preferred partner of main machinery manufacturers and large corporations due to its outstanding reputation in the market.

Through MachinePoint your machine will be promoted to a global audience and out of your competitive region. This is possible thanks to our worldwide presence through a network of sales offices, and our capacity to make international transactions smooth.

Also we provide several services required to make the transactions happen, from the acceptance of different financial payment methods to personal assessment on import and export regulations. As a seller you will get paid in cash before the machine leaves your factory, making your transaction free from financial risk. Our team will take care of everything necessary for a successful sale, so you invest minimum time and effort in this process.

MachinePoint will quote you a price for your machine and you do not have to pay to promote it through us.

Your Reliable Partner

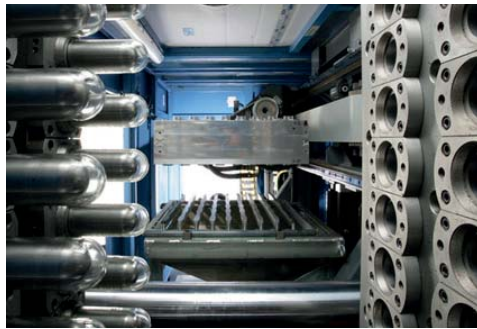

For a Safe and Secure Transaction

Buy Used Machines

A reliable partner is crucial when you are buying used machinery. MachinePoint has been selling used machinery for over 15 years with an outstanding reputation in making transactions smooth, safe and minimizing risks in the operation. We offer buyers a wide range of services from international transport, to professional audits, import and export assessment, financial and engineering solutions.

When buying machinery through us, you will be buying directly from MachinePoint making the transactions more secure. We also accept letters of credit and other financial instruments.

When you place your used machinery needs into our hands, we handle your transaction with integrity straight through from your inquiry to the completion of your purchase.

Also through our sister company MachinePoint Engineering we are able to provide buyers with complex engineering services, and the integration of used machinery in their turnkey projects, making best quality machinery accessible at great prices.
